

# DISPLAY POSTER

---

Each invention must have a display poster, which has the required information. It must include:

1. The inventor's name or the group of names, school and the grade.
2. The title of the invention.
3. A detailed diagram of the invention with labels explaining its operation and parts.
4. Answers to these questions:
  - A. What problem is solved/need that is addressed
  - B. How the invention works
  - C. What the invention is made of
  - D. What research you did to make sure your invention is new or improved

## RECOMMENDED DISPLAY BOARD DIMENSIONS:

Middle board is 28 X 22 inches

Sides: 14 X 22 inches

You can buy two boards, cut one in half to make the two sides and connect them to the middle part.
