

Shen Inventors

Information Session:
January 14, 2009
7:00 PM – Skano Cafeteria

Display Date:
February 7, 2009
Clifton Park Center Mall
Fountain 8:00 AM – 4:00 PM

All students (K-8) in the Shenendehowa district are invited to invent something new and to have fun in this year's Shen Inventors Program. Inventions can be as simple or as complex as you want. You may attend the information session to learn how to be an inventor, and pick up an instruction booklet, or contact one of the school representatives listed below and they will send you an instruction booklet.

Your invention will be displayed at Clifton Park Center (CPC) Mall where your invention will be judged and you will receive a Shen Inventor T-shirt for participating. Medals will be awarded based on the judging results. You may also submit your invention to the Invention Convention (IC 2009), which is a statewide competition held in Schenectady. For more information check out the Invention Convention web site at <http://www.crd.ge.com/invent/>. Inventions will be displayed during the Clifton Park Winter Block Party. It should be a lot of fun. **For more information call:**
