Professional Development at Shen is more than just scheduled workshops. Choose from a variety of options and delivery models, including individualized, on-demand training, video tutorials and Model Schools opportunities.

Model Schools

Shen teachers may take **BOCES Model Schools** courses for FREE. These classes are offered during and after school as well as online only.

1. Go to www.neric.org/webreg. Choose **NERIC: Model Schools** or **NERIC: Blackboard** (or both by holding down the Shift key). Click **View Now**.
2. Click the title of a course you wish to attend.
3. The **first time you register**, choose **Click to Enroll and I'm a New User**. Enter the requested info to create an account. Remember your login info for future use. Be sure to identify your district as Shenendehowa so there will be no charge. The next time you register, choose **Click to Enroll and I'm a Registered User**, then login when prompted.

iPad/Mobile Computing Webinars

Like many districts, Shen is beginning to explore the opportunities & challenges of using mobile technologies (e.g. tablet computers like iPads and Android devices) in the classroom. Hosted by Model Schools, these webinars are 1 hour long and viewable at the Ctr for Innovative Learning. An additional 30 minutes is scheduled afterward for group discussion.

iPads in the Paperless Classroom		
Feb 17	3-4:30pm	(Model Schools)
iPads for Assessment		
March 5	3-4:30pm	(Model Schools)
iPad Apps for Productivity

...On Demand PD!

Don't feel restricted to pre-scheduled offerings. Professional Development is about what **YOU** need to meet district goals and grow professionally. Contact a Lead Teacher to schedule 1:1 or small group time on a topic YOU choose.

No Plans for Feb Break? Take a PD Workshop!

This year we're offering PD over the break week. No need to write sub plans or use a professional day. Just check out the [intranet calendar for Feb 21-24](#) and register for any of several workshops. Hurry...spaces are filling fast.
