The college will complete it and return to the benefactor at the address on the bottom of the form to request the award be sent directly to them.

It is with great pride that I present so many of our seniors with awards and acknowledgements which highlight their educational careers at Shenendehowa High School. I thank them for their effort, service, and achievement and remind them that the best for them is yet to come.

I am most appreciative for the guidance and encouragement these students have experienced from their families and friends. Our students are fortunate to be products of loving and supportive families.

The Clifton Park-Halfmoon community is the most generous one I have worked with in over 38 years in education. I continue to be amazed by the financial support provided for these honored students for their work in the classrooms, on the playing fields, and on stage. To our many benefactors, I offer my sincere thanks and appreciation.

Finally, I wish to thank the faculty and staff at Shenendehowa High School who have role-modeled for their students, advised them, advocated for them and who have taught them to think and to be creative. I am appreciative of all that they have done to help these students grow into young women and men.

I am very proud to have worked with this exceptional group of young people and wish them well in their future pursuits. I appreciate all that they have done for our school, community and for me!

Sincerely,

*Donald Flynt
Principal*
