In case of such withdrawal, the District shall no longer be required to contribute toward the cost of such insurance for the balance of the year, or in the case of a change in coverage, to pay the amount required for the original coverage the employee had selected.

An employee having withdrawn may re-enroll in one of the health insurance plans offered by the District if he/she is no longer covered by such alternative health insurance in accordance with the rules, regulations and procedures of the District's insurance carriers. Such conditions now include the death of a spouse or other qualifying event.
