

Careers in Education

Are you considering a career in education? Attend the Careers in Education Fair to explore college programs, graduate schools, certification pathways, and teaching content areas.

Why teaching?

Teaching is a rewarding career that allows you to make a meaningful difference in the lives of future generations. There is an especially high demand for teachers in areas such as special education, languages, and the sciences, making it an excellent opportunity to start a new career or transition into a new field. With competitive compensation, comprehensive benefits, and pension plans, teaching is an excellent career choice.
